THIS AGREEMENT made at Lexington, Kentucky, this the 28th day of MAY, 2003, by and between Central Bridge Company, LLC of Lexington, Kentucky (hereinafter referred to as "Contractor") and Javier Steel Corporation, P. O. Box 7448, Louisville, KY 40257, (502) 426-2008, (hereinafter referred to as "Subcontractor").

WITNESSETH:

THAT the Subcontractor and the Contractor, for the consideration hereinafter named, agree as follows:

1. SCOPE OF WORK

The Subcontractor shall furnish (except as may be hereinafter otherwise provided) all supervision, administration, labor, materials, tools, and equipment, together with all transportation, handling, storage, service, supplies, and protection, pertaining thereto, and including any sales, use, business, privilege, or excise taxes accruing thereon, required to provide, install, and complete in every respect and detail, the items of work set forth in **ARTICLE 15** hereof for the construction of The Lexington-Catlettsburg Road (I-64) from near the Fayette County line extending easterly to 1.200 miles west of KY 1958, Project #IM-NH 64-5(63)89, FD52 025 0064 089-093, in accordance with the General Specifications and Special Provisions of the Contract between the Kentucky Transportation Cabinet, (hereinafter referred to as "Owner") and the Contractor, in accordance with the General Conditions, and all other provisions and requirements of the Contract (hereinafter referred to as "Subcontract Documents") between the Owner and the Contractor in accordance with the Drawings and Specifications, and including any Agenda thereto, prepared by H. W. Lochner, Inc., (hereinafter referred to as "Architect/Engineer"); all the Subcontract Documents form a part of the Contract between the Contractor and the Owner, dated _____, and hereby become a part of this Contract, and the Subcontractor does hereby state that he has examined all of said Documents and has full knowledge of the contents thereof, including all revised Drawings and Addenda to the date hereof. And insofar as the Subcontract Documents are applicable to the Work herein, the Subcontractor assumes toward the Contractor all of the obligations and responsibilities which the Contractor, by those Documents, assumes towards the Owner. The Subcontractor does further

acknowledge that he has read and knows the content of those related papers' instructions, standards, and conditions, referred to or made part of the General Conditions by reference. The Contractor employs the Subcontractor as an independent contractor to construct a part of the Project for which the Contractor has contracted with the Owner. The Subcontractor's portion of the Project, (hereinafter referred to as "Work"), is set out in **ARTICLE 15**. The Subcontractor agrees to perform such Work under the general direction of the Contractor and subject to final approval of the Owner, in accordance with the Subcontract Documents. This Agreement and the Agreement between the Parties supersede all prior negotiations, representations, or agreements. If any provisions of the Subcontract Documents conflict with this Agreement, the terms of this Agreement shall control. The Subcontractor binds himself to the Contractor for the performance of the Subcontractor's Work in the same manner as the Contractor is bound to the Owner for such performance under the Contractor's Contract with the Owner.

2. PERFORMANCE

In the performance of the Work, the Subcontractor will perform all Work in accordance with the Contract between the Contractor and the Owner to the satisfaction of the Owner, Architect/Engineer, and Contractor, and the decision of the Architect/Engineer as to the true construction and meaning of the Drawings and Specifications and the character of the Work shall be final.

3. PROJECT SCHEDULE

The Subcontractor will commence, and thereafter prosecute his Work in accordance with the Project Schedule so as not to cause any delays or interference with the completion of the Project or in the obtaining of payments by the Contractor from the Owner or the final acceptance of the Project by the Owner. In the event the Subcontractor fails to adhere to the Project Schedule, the Contractor may require the Subcontractor to take necessary steps to meet the Project Schedule. If it is determined that the delay is caused by the Subcontractor, the cost of getting back on schedule shall be borne by the Subcontractor. If the Subcontractor is unwilling to meet the Project Schedule within reasonable time, the Contractor reserves the right to remove the Subcontractor from the job.

4. CHANGES IN THE WORK

The Owner, pursuant to its Contract with the Contractor, has the right to make changes in the Work to be performed by the Subcontractor. The Contractor shall promptly notify the Subcontractor of any changes in the Work the Subcontractor is to perform. The Subcontractor is obligated to perform that Work as

directed by the Owner, at the price set by the Owner at a price adjusted accordingly.

5. CONTRACT SUM AND PAYMENTS

Receipt of payment from the Owner for the Subcontractor's work is a condition precedent to Contractor's obligation to make payment to the Subcontractor, regardless of the reason for Owner's nonpayment, whether attributable to the fault of the Owner, the Contractor, the Subcontractor, or to any other cause.

Payment as used in this clause shall include retainage, progress payments, payment for change orders and extra work, and final payment.

The Subcontractor hereby acknowledges that it relies solely and exclusively on the credit of the Owner, not the Contractor, for payment for its work.

After the Contractor receives any such payment, the Contractor will promptly pay to the Subcontractor an amount equal to One Hundred (100) percent of the amount which the Owner's estimate shows the Subcontractor has earned during the period covered by the estimate on account of Work done pursuant to this Subcontract, and for which the Contractor has received payment. The balance due the Subcontractor shall be paid to him after final completion and acceptance and final payment by the Owner.

The Subcontractor shall provide the Contractor with completed lien waivers and affidavits from his Subcontractors and suppliers in a form satisfactory to the Owner and the Contractor, at the request of the Contractor. Any payment to the Subcontractor is specifically agreed not to constitute or imply acceptance by the Contractor or the Owner of any portion of the Subcontractor's Work. Final payment shall not constitute acceptance of defective work.

All funds by the Subcontractor for performance of this Agreement shall be used solely for the benefit of the persons and firms supplying labor, materials, supplies, tools, machines, equipment, plans, or services exclusively for this Project prior to distributing any for any other purpose. The Subcontractor shall not use any of the funds received from the Contractor in the performance of this Contract to pay any third person or to be used for any other purpose until all obligations and claims arising under this Contract have been fully discharged.

The Contractor may deduct from any amounts due or to become due to the Subcontractor any sum or sums owing by the Subcontractor to the Contractor. The Contractor may further deduct from any sums owing to the Subcontractor all amounts owed by the Subcontractor to others related to the performance of this Agreement and the Contractor may pay those others directly. All sums so paid shall be credited to the amounts due the Subcontractor under this

Agreement. In the event of any breach by the Subcontractor of any provision or obligation of this Subcontract, or in the event of the assertion by other parties of any claim or lien against the Owner, the Contractor, the Contractor's Surety, or the premises upon which the Work is performed, which claim or lien arises out of the Subcontractor's performance of this Agreement, the Contractor shall have the right, but is not required, to retain out of any payments due or to become due to the Subcontractor, an amount sufficient to completely protect the Contractor from any and all loss, damage, or expense therefrom, until the claim or lien has been adjusted by the Subcontractor to the satisfaction of the Contractor.

6. NON-PERFORMANCE

The Subcontractor shall perform according to the Contract between the Owner and the Contractor in all respects and failure to perform in that manner shall constitute a material breach of this Agreement.

7. INDEMNIFICATION

The Subcontractor shall indemnify and save harmless the Contractor and the Owner, their officers and employees, from all suits, actions, or claims of any character brought because of injuries or damage received or sustained by any person, persons, or property on account of operations of the said Subcontractor.

Should the Subcontractor fail to begin, continue, or complete the Work as hereinbefore provided, and should the Contractor suffer or permit the Subcontractor to occupy more time than specified under this Agreement, in that event, the Subcontractor hereby covenants and agrees to indemnify and save harmless the Contractor from any loss or damages (including any loss of bonus or payment of liquidated damages) which it may be compelled to pay to the Owner, under or by virtue of the Contract with the Owner, for or on account of delay in the completion thereof, insofar as said delay was caused by the Subcontractor. The Subcontractor acknowledges he has inspected the Contractor's Contract with the Owner and is aware of the bonus and/or damage provisions.

8. COMPLIANCE WITH LAWS

The Subcontractor agrees to comply with all Federal, State, and Municipal laws, ordinances, and regulations and to make and file promptly all requisite reports with government, state, county, and municipal authorities, and pay when due, and accept exclusive liability for, any tax, assessment, or contribution relative to the salaries or wages of all persons employed by the Subcontractor or by any Subcontractor, direct or remote, under him.

The Subcontractor expressly agrees to make and file promptly all requisite reports with government, state, county, and municipal authorities, and pay when due, and accept exclusive liability for, any tax, assessment, or contribution relative to or for old age insurance, unemployment insurance, or social security levied by the Federal, State, or Municipal Government on the salaries or wages of all persons employed by the Subcontractor, or by any Subcontractor, direct or remote, under him; and this obligation shall require the Subcontractor to pay or have paid any sum or sums levied by any governmental authority because of use or unemployment of labor on the Work embraced in this Agreement, either by the Subcontractor, or by any direct or remote Subcontractor under him.

The Subcontractor shall comply with all the applicable requirements of 49 CFR 26 and shall not discriminate on the basis of race, color, national origin or sex in the performance of this Agreement. Failure by the Subcontractor to carry out these requirements will be a material breach of this Agreement and may result in its termination by the Contractor.

9. LIABILITY INSURANCE

The Contractor shall carry fire and extended coverage insurance to protect the Work and materials incorporated or suitably stored at the site of the Contractor and to protect his tools, equipment, and machinery with such insurance and in the amounts that he deems proper.

10. ASSIGNMENT

The Subcontractor shall not assign this Contract or sublet the whole or any part of the Work due hereunder, nor shall he assign any monies due or to become due hereunder, without the previous written consent of the Contractor. Any attempt by the Subcontractor to so assign or sublet any interest herein shall operate as an instant forfeiture and repudiation hereof by the Subcontractor and the rights of the parties shall be determined in the same manner as though the Subcontractor had at the time of such attempted assignment or subletting failed in and refused performance hereof.

11. CANCELLATION

The Contractor reserves the right to cancel this Agreement in its entirety, or any portion of its obligation thereunder, or suspend the shipment and delivery of materials and all the Work and operation hereunder in the same manner and for such period or periods of time as the Owner has the right to cancel the Contract entered into between the Owner and the Contractor. In the event that this Agreement is cancelled under this paragraph, then the

Subcontractor shall be compensated for Work done and materials furnished based upon calculations performed by the Owner.

12. LIENS

If at any time the Subcontractor shall allow any indebtedness to accrue for labor and/or materials, which indebtedness has become or, in the opinion of the Contractor, may become a lien or liens upon the Work and/or materials, or which may become a claim against the Contractor, the Subcontractor shall immediately, upon request from the Contractor, pay the same or cause the same to be dissolved and discharged by giving a bond, or otherwise, and, in case of his failure to do so, the indebtedness is paid or may apply such money towards discharge thereof. All such payments by the Contractor shall be deducted from the sums due the Subcontractor by the Contractor.

13. ARBITRATION

Should any dispute or issue arise between the Parties hereto as to the interpretation of this Contract (provided the true construction and meaning of the Specifications and Drawings shall be decided only by the Architect/Engineer) or the amount due from either Party to the other hereunder, or as to any other matter in connection with the Contract, said dispute or issue shall be determined by arbitration in accordance with the rules and regulations of the American Arbitration Association.

14. BINDING

All negotiations, proposals, and agreements prior to the date of this Agreement are merged herein and superseded hereby, there being no agreements or understandings other than those written or specified herein, unless otherwise specifically provided. In the event of any conflict between the terms and conditions of any proposal of the Subcontractor specifically referred to herein, and those contained in this Agreement, the latter shall govern.

The terms of its Agreement shall be binding on the Parties hereto, their respective heirs, executors, administrators, successors, and assigns.

15. WORK

The Subcontractor and the Contractor agree that the materials to be furnished and Work to be done by the Subcontractor and the unit prices to be paid by the Contractor to the Subcontractor for the furnishing of said materials and the performance of said Work are as follows:

ITEM	DESCRIPTION	QUANTITY	UNIT PRICE	AMOUNT
2	Concrete-Class AA Install SIP Forms	523.0 CY	\$24.7801	\$12,960.00
3	Steel Reinforcement Labor Only	80,870.0 LB	\$0.22	\$17,791.40
4	Steel Reinf-Epoxy Labor Only	133,438.0 LB	\$0.22	\$29,356.36
5	Precast PC I Beam Ty 5 Labor & Equipment	1,528.0 LF	\$13.8743	\$21,199.93
 (initial)				TOTAL MONIES: <u>\$81,307.68</u>

16. RISK

The Subcontractor assumes all risks against injury, loss, or damage to labor and/or materials furnished by it until final acceptance by the Owner of all Work embraced in this Agreement.

17. MISCELLANEOUS PROVISIONS

The Subcontractor hereby acknowledges that the following requirements in the Contract between the Contractor and the Owner are incorporated in and made a part of this Contract and assumes full responsibility in complying with these requirements: (1) Federal and State Occupational Safety and Health Acts and Regulations; (2) Air and Water Pollution Standards established by State and Federal Agencies; and (3) Special Provisions relating to Equal Employment Opportunity, the required reporting procedure and documentation and information to be provided by the Architect/Engineer.

The provisions of the Agreement shall not be binding upon the Contractor unless and until the Owner has issued a Work Order to the Contractor, under the terms of the present Contract, above mentioned, between the Contractor and the Owner, prior to which time it is agreed that this instrument shall constitute an irrevocable offer by the Subcontractor to the Contractor and that the Contractor has relied upon the Subcontractor's Agreements contained herein negotiating or bidding the Contract with the Owner. It is further agreed that this Contract is null and void if not approved by the Owner and/or prime Contractor.

This Contract includes all changes, addenda, etc., to date; and takes precedence over any and all proposals, correspondence, and oral agreements made prior to the execution of this Contract, this constituting the entire Agreement between the Parties.

The Subcontractor, not more often than each month, or as may be required by the Contractor, shall keep the Contractor informed as to the status of payment of his labor, material, and equipment bills on this Project.

The Subcontractor agrees to comply fully with the Fair Labor Standards Act of 1938, the Civil Rights Act of 1964, all applicable Executive Orders, and all applicable amendments thereto. The Subcontractor agrees not to discriminate against any employee or applicant for employment because of race, color, creed, sex, or national origin, to comply fully with all provisions of law, rules, regulations, and orders regarding employment, and to furnish all required information and to file all necessary reports.

All DBE Subcontractors must provide to the Division of Construction a copy of all checks received from the Contractor within seven (7) days of receipt of the check for payment for work performed on Cabinet Projects. Check information must include the PCN Number, Estimate Number, (Sub Section) Sequence, and Quantity.

18. CHANGES IN AGREEMENT

All modifications in this Agreement shall be in writing and shall be dated and signed by both Parties.

The said Parties for themselves, their heirs, representatives, successors, and assigns, do hereby agree to the full performance of this Contract.

IN WITNESS WHEREOF, the Parties hereto have executed this Contract on the day and date first above written in six (6) counterparts each of which shall, without proof or accounting for the other counterparts, be deemed an original Contract.
